The ground level opens to the spacious kitchen, living, and dining area that features a 2 level glass void that overlooks the riverfront pool, and the alfresco area on the river.

The media room homes the laundry, a wall of storage, and space for an office workspace, it has its own outside access so could be converted to a home office, granny flat, or downstairs bedroom as it adjoins a full bathroom. The kitchen is elevated on a non-structural subfloor, which if removed will create a level living from the oversized media room, all the way to the dining space.
